

Seraman[®] sensitive Seraman[®] sensitive foam

Hand and body washes

SAFE. SOOTHING.

Seraman[®] sensitive is a gentle, perfume and dye free, hand and body wash that has been especially formulated for people with sensitive skin.

Seraman[®] sensitive

Seraman[®] sensitive foam

Hand and body washes

Our Offer	Your Benefit
Simple but effective formula	Fewer ingredients mean lower risk of skin irritation
No dyes and perfumes, optimal pH	Highly recommended for individuals with sensitive skin, less probability of allergic reactions
Available in foam or liquid	Choice based on your individual needs
Stable, pleasant, creamy foam	Less waste, less water, easy to rinse off
Contains APG	Good skin compatibility

PRODUCT INFORMATION

Through Alkylpolyglucosides (APG), a cleansing composition with high-quality surfactants, Seraman[®] sensitive and Seraman[®] sensitive foam offer a superior cleansing performance that is also friendly to your skin. The foam provides fine bubbles with a creamy and yet stable texture.

APG is environmentally friendly and fully biodegradable. It is made of renewable resources such as corn, potatoes, wheat and from natural oils like coconut or palm oil – genetically non-manipulated plants.

Combinations with APG, which have been proven to be of excellent skin compatibility, work to your advantage in Seraman[®] sensitive cleansing lotion and Seraman[®] sensitive foam.

INDICATIONS FOR USE

Use for general hand washing and body washing applications. Apply Seraman[®] sensitive products directly or with a wash cloth to the skin. Rinse thoroughly.
